EDUCATION

Pohang University of Science and Technology (POSTECH)

Grad. School of Artificial Intelligence

Pohang, Korea

March 2023 - present

Ulsan National Institute of Science and Technology (UNIST)

Majoring in Computer Science

Ulsan, Korea

March 2017 - February 2023

RESEARCH EXPERIENCE

Undergraduate Internship at UNIST

- UVLL Lab, prof. Seungryul Baek

- Multi-person human mesh estimation project

Ulsan, Korea

January 2022 - June 2022

Undergraduate Internship at UNIST

- LAIT Lab, prof. Jaeyun Yoo

- 3D Shape to Shape translation Project

Ulsan, Korea

July 2022 - December 2022
